

# 2025 John J. Snyder Grant

The **John J. Snyder, Jr. Fund for Historic Preservation** is a distinct component of our Passion Grants. It supports the restoration, maintenance, and repair of historical structures in Lancaster and Cumberland counties. As described in Mr. Snyder's will, grant funds may be used for many of the "unglamorous things" necessary to sustain a documented historical structure owned by a community benefit organization, so that it may be preserved for future generations.

Project examples include repointing, roof repair and replacement, electrical system repair and replacement, general restoration, maintenance, and repair.

Grants range from \$20,000 - \$114,600.
